- * Comment. Units involved in the movements observed between 16 and 21 April 1952 belong to the 10th Gds Tank Div. This, to some extent, confirms the troop trains with components of this division which have been dispatched to Letzling Heath from Doeberitz during the aforementioned period and from Brandenburg from 14 to 17 April 1952.

- ** Comment. The unit is probably a small tank detachment returning to its permanent post after practice firing at the Millersleben-Salchau artillery range.
